SERVING THE GREATER CATAWBA VALLEY AREA SINCE 1962

Carrier Factory Authorized Dealer

Carrier Factory Authorized Dealers are the home heating and cooling experts to turn to. They are your single resource for everything you need—from tailoring your ideal comfort system to installation, service and beyond.

Becoming a Carrier Factory Authorized Dealer is no easy feat.

Only those expert heating and air conditioning dealers who meet our highest standards and closest scrutiny—not only for their technical expertise, but also for their business practices and customer service quality—earn the Carrier Factory Authorized Dealers distinction.

When selecting your dealer, look for the Carrier Factory Authorized Dealer seal of approval—it means your dealer has met our rigid criteria and is backed by Carrier's 100% satisfaction guarantee. It's your sure sign of an air conditioning and heating system dealer that will provide you with superior products, intelligent insight and the ultimate service.

Factory Authorized Dealers are your single resource.

- Large, easy-to-use push buttons
- 5 year limited warranty

IdealHumidity

Keeping your home comfortable at any temperature

Innovative Carrier IdealHumidity™ systems constantly control both temperature and humidity, day and night, in any season. With an IdealHumidity system, you can monitor and adjust your home's humidity level even when your home comfort system isn't actively heating or cooling.

Maintaining the proper balance of moisture in your home keeps you more comfortable at higher temperatures in the summer and lower temperatures in the winter.

[In the summer, Carrier variable-speed blower systems work in concert with Carrier's highly refined Thermidstat™ Control to remove up to 30 times more moisture than a standard system, keeping you cool and more comfortable. Plus, it can also save you up to 21% in cooling costs.](#)

CARBON MONOXIDE DETECTOR ALARM

STANDARD FEATURES

- Loud audible alarm
- Continuous digital display
- Peak level button showing the latest peak CO level
- Test/Reset button functions
- Rechargeable Lithium ion battery that protects during power outages and never needs replacement

LIMITED WARRANTY

7-year limited warranty

The Carrier AC powered plug-in carbon monoxide alarms utilizes sophisticated electronic components and unmatched sensor technology to protect you and your family from the dangers of CO. These units include battery backup that provides continuous monitoring of CO levels, even during power outages, when AC-only units are not providing protection. These units will detect and store measured data of concentrated CO levels as low as 30 and up to 999 PPM with its peak level memory display. This alarm give you several mounting options, including: direct-plug, a 6' power cord or table top.
